Ritchie D. Liscabo

Programmer

ABOUT ME

BS Information Technology graduate with a solid foundation in software development, network administration, and cybersecurity. Proven problem-solving abilities through academic projects and internships. Eager to apply technical skills and innovative thinking in a dynamic and challenging environment.

EDUCATION BACKGROUND

2019 - 2024
Computer Communication Development Institute

BS Information Technology
CumLaude

2016 - 2018
Juan Villablanca Memorial High School

Humanities and Social Sciences
With Honor

WORK EXPERIENCE

2019 - 2024

Hope For Tomorrow
Project Manager

Sorsogon City

I played a pivotal role in both planning and executing projects, ensuring seamless implementation. My responsibilities included constant interaction with ministry partners, providing regular updates, integrating feedback, and addressing any concerns that arose. Additionally, I effectively coordinated project teams, facilitating collaboration and outsourcing tasks whenever necessary to optimize project outcomes.

2020 - 2022

Web Developer

Hope For Tomorrow

As the web developer for Hope for Tomorrow, I created a vibrant online platform using Wix, fostering engagement and empowerment. Through intuitive navigation and captivating visuals, users explore our programs and initiatives seamlessly. This project amplifies our mission of spreading hope and resilience, enhancing our digital presence and impact.
